Pacific Door Systems Ltd.

Quality Policy

Our Purpose, Context and Strategic Direction

Pacific Doors aims to be the New Zealand market leader in the design, manufacture and supply of high-performance doors and windows, recognized for reliable delivery and high levels of service.

Quality Objective Framework

Our quality objectives are based on:

- Customer and stakeholder needs
- Regulatory compliance
- Operational performance and efficiency
- Employee capability and engagement
- Risk, opportunity and continual improvement

Quality Outcomes We Aim to Achieve

Through our Quality Management System, Pacific Doors aims to:

- Deliver products and services that exceed expectation
- Build customer confidence through reliability and responsiveness
- Enhance business performance
- Foster mutually beneficial partnerships with stakeholders
- Drive innovation and continual improvement

Leadership Commitment

Pacific Doors' leadership team is committed to implementing systems and creating a culture where everyone can contribute to quality by providing clear direction, resources, training and ongoing support.

We strive to build a safe, engaged, and high-performing organization that delivers value to our customers.
